

November, 2011

Dear Friends,

For 150 years, St. Benedict School has been providing outstanding spiritual, academic, athletic and social education for our students. We take pride in providing a firm foundation while staying current with today's advancements as we prepare our students for the second decade of the third millennium.

We recently had our All Years Reunion. Every room was filled with warm memories of St. Benedict Elementary School all through the decades. For just a while, alumni were back in school, back where they received the foundation for the years that followed and their success. St. Benedict has always been at the forefront of Christ-centered excellence in education.

To ensure that the St. Benedict mission of Catholic education continues for many years to come, we are asking you to consider a donation to the 2011-2012 St. Benedict School Annual Appeal. Your gift will provide spiritual and educational materials, computer technology, tuition assistance, upgraded renovations to our facilities and more. A gift to the Annual Appeal enables you to partner in making a difference in the lives of our students. \$50 will help to purchase needed instructional supplies. \$500 will help us purchase two new laptops for the classrooms. \$1,000 will provide scholarship for a student for one trimester.

St. Benedict School is great because of great people. People like YOU! Your generosity will change lives by fostering learning, leadership and service to others in a faith-filled environment. Please give what you can. Our goal is participation. Strong participation is a reflection of our strong belief in the school and its mission. All gifts, large and small, will make a difference and are 100% tax deductible. Your offering expresses your faith in the future and the importance of Catholic education.

Thank you in advance for your generosity!

Susan A. Rys  
Principal
